RETINOL PEEL PACKAGE:

This treatment is fantastic for stubborn pigmentation spots and melasma. It also minimises the appearance of fine lines and wrinkles, boosting the skin's elasticity and plumpness and slowing down the breakdown of natural collagen. The retinol unclogs pores and reduces acne outbreaks by allowing the cleansed skin to heal.

Package: Buy 3 at reg price (\$85) and get 4th FREE

DERMAPLANING:

Without using any harsh abrasives. Using a hand-held instrument, dermaplaning exfoliates at a deep level. It results in a smoother, more even skin tone and allows for deeper product penetration, and creates a flawless canvas for makeup to glide on smoothly. This treatment will soften your skin by safely removing unwanted vellus hair (also known as peach fuzz) and dead skin cells.
